SWISS INFRASTRUCTURE

InoviTeC Swiss AI

kSuite Enterprise with Euria AI

2 licensed users · 12 months

- **6 TB per user in shared storage**
  Data stored exclusively in Switzerland, encrypted with a unique key per space and replicated in at least 3 locations.
- Up to 10 email addresses per user
  Swiss hosting, with antispam and antivirus included.
- Euria AI processes data in Switzerland.
  Data is not used to train AI models.
  Android and iOS apps; desktop web access.

9,000 RON

Complete package · excluding VAT

kSuite licenses and InoviTeC services included. Price covers the first 12 months; renewal is quoted at the rates then in effect.

COMPLEMENTARY MODELS

InoviTeC Duo AI

ChatGPT Business Standard +
Claude Team Standard

2 ChatGPT seats + 2 Claude seats · 12 months
The same 2 users on both platforms

- **Cross-checking**
  One model's output can be checked with the other to help identify errors and omissions.
- Tailored to roles and workflows
- On Business and Team plans, providers do not use your data for model training by default.

800 EUR

InoviTeC services · excluding VAT

Subscriptions are purchased by your organisation directly from the providers. Current prices: chatgpt.com/pricing and claude.com/pricing.

Implementation and specialist support

Both options include up to 8 hours in total (up to 4 hours per user), delivered remotely; one configured device per user.

2 h / user
Setup and training
Security settings, personalisation and practical exercises on the included platforms.

1 h / user
Workflow guidance
Rules for input data, verification and human responsibility; AI Act guidance.

1 h / user
User support
During the first 30 days following handover of the initial configuration.

Guidance on Regulation (EU) 2024/1689 (AI Act) is advisory; it does not include certification or a guarantee of compliance.
The packages configure users' working tools; integration with the organisation's IT or industrial systems is not included.
Duo AI subscriptions are billed by providers at the rates, taxes and exchange rates applicable at purchase. Expansion is quoted separately: Swiss AI up to 300 users (above 300 on request); Duo AI up to 150 users, the Claude Team plan limit. ChatGPT, Claude, kSuite and Euria are trademarks of their respective owners. Human validation remains necessary. Commercial terms follow the Romanian offer dated 7 October 2026.

Formal offers prepared for procurement
